

WNY Compassion Connection Clinical Advisory Committee

MISSION: The Clinical Advisory Committee of WNY Compassion Connection is committed to guiding and supporting a peer to peer model of support that empowers grieving children, families, and caregivers. Through collaboration the WNYCC CAC will work to ensure best practices and uphold the values of empathy, respect, and community as we aim to create a safe space where shared experiences become the foundation for healing and resilience. Our mission is to provide expert oversight and innovative strategies to help families navigate their grief together.

PURPOSE: The purpose of the Clinical Advisory Committee for WNY Compassion Connection is to provide expert guidance and support of the center's programs and services. The committee ensures that the peer to peer model operates with the highest standards of care, ethical integrity, and alignment with the latest research and best practices in grief support. WNYCC CAC will meet quarterly to work together to strengthen the center's mission to empower children and families to navigate their grief with compassion and connection.
