The mission of WNY Compassion Connection is to help grieving children, families, and adults navigate their journey to healing and resilience through the power of peer support and grief literacy within a safe, caring environment and through building up a grief sensitive community.

We envision a place where every grieving person finds the support, understanding, and resources they need to navigate their grief journey. We aim to create a community where healing, resilience, and hope flourish, empowering young people and families to thrive despite their loss.
